

Practice Software Modules

PURPOSEFUL ACTIONS EQUALS SUCCESS

Introduction

Docs Billing Solutions, LLC (DBS) offers Practices “State Of The Art” Practice Management (PM) and EMR/EHR software through an **ASP Subscription** service that is Web-Native, and Fully Integrated. Access your system from anywhere through a secure private internet connection. No large capital investment in software and hardware, or ongoing costs for in-house system maintenance and support. DBS can also be an “Outsource” option for a Practice’s billing needs. The DBS software provides the Practice with “Real Time Patient Eligibility”, “Claims Edit & Management Tools”, “Business Intelligence Reporting”, “Proactive Dashboard”, “Electronic Encounter Form”, “Automatic Off-Site Back-Up”, “Redundancy”, “Security”, and much, much more.

Go to www.docsbillingsolutions.com to request your “Free Analysis” & “Free Demo” to determine your Practice’s individual needs.
